CORE VALUES (College of Education and Human Development)

The College of Education and Human Development is committed to collaboration, ethical leadership, innovation, research-based practice, and social justice. Students are expected to adhere to these principles.

ADDITIONAL INFORMATION:

1. Turn off or silence all sound emitting devices before entering the classroom. Text messaging during class is considered unprofessional and inappropriate.
2. Attendance and participation are key elements to a successful learning experience. Beyond any specific grading point penalties for unexcused absence or habitual tardiness, the instructor may issue an 'F' grade if, after written warning, the student's absence or tardiness continues at a level that constitutes 'non-participation'. When tardiness or an absence is anticipated, it is the responsibility of the student to advise Dr. Brayley at a professionally appropriate time (preferably before, but no later than the scheduled end of the class period). However, notification alone does not necessarily excuse the absence. Further documentation should be offered and may be required. Advising Dr. Brayley of unexpected absence or tardiness should take place at the earliest opportunity.
3. Unless otherwise stipulated, assignments are due at the beginning of the class period (9:00 a.m.) on the date it is due. Assignments submitted later that day (but earlier than 4:00 p.m.) will be eligible for no more than 80% of the grading point value of the assignment. Assignments will not be accepted after 4:00 p.m. on the due date. Excused absence does not necessarily change submission deadlines, but may be considered in negotiating an appropriate accommodation (if necessary). Opportunities to complete exams or submit assignments on other than scheduled or due dates/times, or to participate in other learning activities or receive tutoring necessitated by absence from class will only be provided if the absence is excused by the instructor.

4. Unless required due to documented disability, laptop computers may NOT be used during class meetings. The use of communication and entertainment devices such as iPads, iPods, etc. during class time is also prohibited.
5. Students who require special accommodations due to disabilities (documented by the Office of Disability Services (<http://ods.gmu.edu/>) or student athletes and student government officers who have duties that occasionally conflict with the class schedule must formally bring this to the attention of the instructor during the first week of the semester.
6. All assignments must be typed and presented in a professional format. Electronic versions of assignments will only be accepted when that form is specifically requested by the instructor or approved in advance of the submission deadline.
7. Students are encouraged to discuss class or content issues with Dr. Brayley in person. A telephone conversation is the second most preferred way to deal with questions or discuss issues. All e-mail inquiries will be answered but appropriate time should be allowed for the e-mail to be received and a response formulated. Tutorial discussions will not be conducted using email.
8. Official e-mail communications from the instructor will be sent to students' GMU assigned e-mail addresses. Students are responsible to check their e-mail inbox and to ensure that there is room to receive incoming correspondence.
9. The instructor reserves the right to change this syllabus in order to improve the quality of the overall learning experience. Changes may include scheduled activities, classroom policies, and future grading criteria, and will be communicated to all students in a revised syllabus document.
10. Students must arrive on-time for the mid-term exam. Admission to the exam will not be granted later than 15 minutes after the exam begins.
11. The George Mason University Honor Code [<http://academicintegrity.gmu.edu/honorcode/>] applies to all aspects of this class. Students should be particularly attentive to University policies regarding plagiarism. Unless otherwise permitted, all assignments and elements thereof must be original and/or properly cited.
12. Students must follow the university policy for Responsible Use of Computing [See <http://universitypolicy.gmu.edu/1301gen.html>].
13. Students are expected to exhibit professional behaviors and dispositions at all times.
