DAY/TIME:	Online Education	LOCATION:	Online Education
Instructor:	Mena Nakhla, MPA	EMAIL ADDRESS:	mnakhla2@gmu.edu
OFFICE HOURS:	By appointment only	PHONE NUMBER:	571-482-8331

PREREQUISITES/COREQUISITES

The course PRLS 310 is the **prerequisite** for PRLS 323 and not a **co-requisite**. If you have registered for both PRLS 310 and PRLS 323 for the Spring 2016 semester, you must take PRLS 310 first, and take PRLS 323 the following semester as it will be offered next semester. The two courses are meant to build upon each other. The School of Recreation, Health, and Tourism strictly adheres to this policy.

COURSE DESCRIPTION

Covers leadership and evaluation of health, fitness, and recreation programs. Uses computer technology to study evaluative aspects of program planning and administration.

DELIVERY METHOD:

This course will be delivered online using an **asynchronous** format via the Blackboard learning management system (LMS) housed in the MyMason portal. You will log in to the Blackboard course site using your Mason email name (everything before "@masonlive.gmu.edu) and email password. The course site will be available on or before January 14, 2016.

TECHNICAL REQUIREMENTS:

To participate in this course, students will need the following resources:

- High-speed Internet access with a standard up-to-date browser, either Internet Explorer or Mozilla Firefox. Opera and Safari are not compatible with Blackboard;
- Consistent and reliable access to their GMU email and Blackboard, as these are the official methods of communication for this course
- Students may be asked to create logins and passwords on supplemental websites and/or to download trial software to their computer or tablet as part of the course requirements.
- A headset microphone for use with the Blackboard Collaborate web conferencing tool

EXPECTATIONS:

- Because asynchronous courses do not have a "fixed" meeting day, our week will start on Monday, and finish on Sunday.
- Students must actively check the course Blackboard site and their GMU email for communications from the instructor, at a minimum this should be two times per week.
- Students are expected to actively engage in all course activities throughout the semester, which include viewing of all course materials, completing course activities and assignments, and participating in course discussions and group interactions.
- Students are expected to demonstrate competence in the use of all course technology. Students are expected to seek assistance if they are struggling with technical components of the course.

- Students should expect that they could experience some technical difficulties at some point in the semester and should, therefore, budget their time accordingly. Late work will not be accepted based on individual technical issues.
- Expect to log in to this course at least two times a week to read announcements, participate in the discussions, and work on course materials. Remember, this course is not self-paced. There are specific deadlines and due dates listed in the CLASS SCHEDULE section of this syllabus to which you are expected to adhere. It is the student's responsibility to keep track of the weekly course schedule of topics, readings, activities and assignments due.
- If you would like to schedule a one-on-one meeting to discuss course requirements, content or other course-related issues, and you are unable to come to the Mason campus, we can meet via telephone or web conference. Send me an email to schedule your one-on-one session and include your preferred meeting method and suggested dates/times.

COURSE OBJECTIVES

At the completion of this course students should be able to:

- Complete a plan and design for a health, fitness or recreation program
- Determine schedules for health, fitness or recreation programs
- Create promotional materials for programs
- Set up and analyze a budget and determine pricing for programs
- Implement programs, including appropriate qualitative and quantitative evaluation
- Critically analyze your own and other programs
- Demonstrate effective leadership and group processing skills

COURSE OVERVIEW

This course will focus on leadership, implementation, and evaluation techniques among health education, fitness, sport management, tourism, and recreation programs. Course will cover various program evaluation and leadership topics. Students will learn basic program evaluation skills as well as have the opportunity to exercise learned leadership skills. The course will be delivered online using Blackboard learning system. You will log into Blackboard using your Mason ID and password.

PROFESSIONAL ASSOCIATION STANDARDS

Upon completion of this course, students will meet the following professional accreditation standards for NRPA Council on Accreditation:

7.02: Students graduating from the program shall be able to demonstrate the ability to design, implement, and evaluate services that facilitate targeted human experiences and that embrace personal and cultural dimensions of diversity.

EXPECTATIONS

- Students are held to the standards of the George Mason University Honor Code.
- Online courses do not have a fixed meeting day, as a result our week will start on Monday and finish on the following Sunday at 11:59 p.m. Assignments must be submitted by due date. Assignments have been scheduled in advance to provide you with sufficient time to plan and complete the assignment. Only students with extreme emergencies, a documented medical excuse or university sponsored functions discussed with the professor prior to the due date will be given consideration for exception.
- Students must actively check Blackboard and their GMU email for communications. I will only send emails to GMU accounts. Students are responsible for making sure their inbox has enough storage to receive and send emails.
- Students are expected to engage in all course activities throughout the semester including viewing all course materials and participating in discussion forums throughout the semester. Students earn participation points by responding to questions in discussion forums. It is the student's responsibility to check Blackboard for online discussions. A new discussion item will be posted weekly, it is the student's responsibility to check Blackboard and answer any discussion items.
- Students should plan for some technical difficulty at some point in the semester and should plan accordingly.
- If you would like to schedule a one-on-one meeting to discuss course requirements, content or other course related issues, I can schedule appointments on campus or via Skype/Google Hangout.

REQUIREMENTS

Evaluation Questionnaire Assignment (5 points)

Each student is expected to develop a 4-5 evaluation questions for the program or activity they choose to lead. In your evaluation, you must ask at least 3 questions collecting quantitative data and at least 1 question collecting qualitative data. Evaluations must be completed by program participants during your leadership project; data collected from survey will be used for the Evaluation Project. Students can utilize online evaluation tools to collect participants' responses instead of using a pen/paper questionnaire.

Leadership Project (20 points)

Each student must select a project demonstrating leading a program or activity. Activity or programs chosen for completing the leadership project must be approved by the instructor. Each student is required to complete 10 hours and completion of the program or activity must be verified by the office where the service was provided. Your supervisor at the site must verify your leadership, evaluation and the number of hours completed by sending an email to <u>mnakhla2@gmu.edu</u> stating the type of service performed and the number of hours served. You must record your experience in a leadership report. The report should be 3 pages, typed, double-spaced, using a Times New Roman 12 font. The paper should include the following:

- Name and location of the program or event
- Description of the program or event you lead
- Target audience of the program or event
- Your evaluation of the program or event (include what was successful and your suggestions for improvement)

IMPORTANT – This is <u>NOT</u> a volunteer assignment. Students must demonstrate leading, implementing and evaluating a program or activity.

During the event, you will distribute your approved evaluation questionnaire to participants. Collected evaluations will be used for the evaluation project.

Evaluation Project (10 points)

Based on the evaluations collected from your Leadership Project, students are asked to analyze and tabulate data from surveys. Students will provide totals, averages and analyze non numerical data. Students will use tables for quantitative analysis. In a separate document, students will provide written recommendations based on their analysis of survey responses.

Additional Assignments and Participation (15 points)

Students are expected to participate in weekly discussions on Blackboard and responding to comments made by other students. It is the students' responsibility to check Blackboard for announcements and discussions. Please keep in mind that comments made by students should be made in a respectful manner. Students may disagree with comments made but should remain respectful to the opinion of others. Each discussion item will be available for one week only and students must respond to the discussion item during that week. Any discussion made late will not be awarded any points.
