https://help.blackboard.com/Learn/Student/Getting_Started/Browser_Support#supported-browsers
- To get a list of supported operation systems on different devices see:
https://help.blackboard.com/Learn/Student/Getting_Started/Browser_Support#tested-devices-and-operating-systems

Students are expected to demonstrate competence in the use of all course technology. Students who are struggling with technical components of the course are expected to seek assistance from the instructor and/or College or University technical services.

It is the student’s responsibility to keep track of the weekly course schedule of topics, readings, activities and assignments due.
- Instructor Support:
Students may schedule a one-on-one meeting to discuss course requirements, content or other course-related issues. Those unable to come to a Mason campus can meet with the instructor via telephone or web conference. Students should email the instructor to schedule a one-on-one session, including their preferred meeting method and suggested dates/times.
- Netiquette:
The course environment is a collaborative space. Experience shows that even an innocent remark typed in the online environment can be misconstrued. Students must always re-read their responses carefully before posting them, so as others do not consider them as personal offenses. *Be positive in your approach with others and diplomatic in selecting your words.*

Remember that you are not competing with classmates, but sharing information and learning from others. All faculty are similarly expected to be respectful in all communications.

SEMESTER RESEARCH PROJECT Profile a SRT Organization

Summary and General Instructions

Objective: To conduct research and apply concepts learned in the course to profile a REAL Sport, Recreation or Tourism/Hospitality/Event Management business organization.

Basic Requirements:

- The organization profiled must have been in operation for at least 5 years (founded in 2014 or earlier). In other words, it is not a “start-up” business.
- The organization should have at least 5+ full-time paid employees (or equivalent).
- The business may be in any sector – commercial/private, non-profit/private, or government/public.
- To receive full credit for the assignments, you must demonstrate evidence of research in each assignment. You will accomplish this by:
 - Finding an organizations; you must have access to business information about the organization.
 - Establishing contact with at least one professional “consultant” who has experience working in the organization. Students are required to conduct an interview with the consultant, demonstrating evidence of the knowledge gained in one or more of Assignments 2 and/or 3.
 - *I strongly suggest that you establish the initial contact early in the semester to gather resource information (strategic and/or business plan, sample organization chart, job descriptions, interview questions, budget data and similar)*
 - Use other references to support and justify your work.
- Describe the organization as if it really exists! Use present tense in your narrative, except when discussing history or future plans.
- Narrative should be “business professional”. Avoid jargon and redundancy. Note also that you are not “selling” the organization; I suggest using third person tense (vs. the first person “I”, “we” or “us”) when discussing the organization.
- With the possible exception of Assignment 1, do not repeat assignment instructions verbatim in the body of the paper. You may use headings to separate the sections if desired.
- Generally speaking, do not copy information! If deemed necessary to do so, properly cite in footnote(s) and bibliography.

Recommendations:

- Ensure that you understand the scope of research required for the semester project by becoming familiar with all individual assignment requirements at the start of the semester.
- APA (<http://www.apastyle.org/> and <http://www.apastyle.org/learn/tutorials/basics-tutorial.aspx>) or Chicago style (http://www.chicagomanualofstyle.org/tools_citationguide.html) is recommended for use in these assignments.

- The purpose of the organization – why it exists; what need(s) it meets.
- Who the organization serves; describe the client/customer base.

Organization Plan

- Present 2 SMART business (vs. program) goals that the organization is attempting to accomplish within the next year. Business goals are related to revenue generation and/or expense control (in the commercial sector, profitability), growth and customer service.
