Course Overview

A directed practicum experience—paid or voluntary—in a sport industry setting. The student is assigned tasks and responsibilities and is held responsible for his/her completion of tasks as assigned by the designated practicum site supervisor(s). The practicum experience is typically limited to an approved, on-campus facility (e.g., the Freedom Aquatic and Fitness Center [Science and Technology (formerly Prince William)], GMU Fitness and Aquatic Center [Fairfax], Skyline Fitness [Fairfax]); or other approved sites under supervision of a GMU adjunct faculty on site supervisor and SPMT faculty advisor. Opportunities provide for students to develop knowledge, values, and beginning practice skills appropriate for entry-level practice in Sport Management agencies. Students are expected to work 120-150 hours within a period of 10 to 14 weeks.

Course Delivery Method

This course will be delivered using a lecture and supervised fieldwork format.

Learner Outcomes or Objectives

This course is designed to enable students to do the following:

1. [have] opportunities to explore and discover career objectives in the sport industry, utilizing both personal assessment and evaluation by the academic institution and the practicum site;
2. [have] opportunities to evaluate strengths and weaknesses in light of demands and expectations of employment in various positions in the field;
3. [have] opportunities to develop career enhancing skills and interests; and
4. [have] opportunities to provide feedback to and inform the academic programs in the School of Sport, Recreation, and Tourism Management (SRTM).

Professional Standards [Commission of Sport Management Accreditation (COSMA)]

Upon completion of this course, students will have met the following professional standards:

Principle 7.3: Business and Industry Linkages/Internship

According to COSMA (2016, p. 50):

Excellence in sport management education requires the academic sport management unit to have current and meaningful linkages to sport management practitioners and organizations. Specifically, an internship or similar experience enables students to work for a sports organization or in a sport-related office to gain useful, relevant experience for a career in sport. The kind of experiential learning that integrates knowledge and theory with the practical application and skill development is essential to a student's educational experience. Students benefit from the applied experiences and connections made in the professional setting while employers have the opportunity to guide and evaluate the students.

- **Assignments and/or Examinations**

Under the direction of an on-site supervisor, 120-150 hours of field experience which satisfies the course objectives of the practicum and meets the needs of the facility. In the SPMT 241 Practicum, the focus is on providing each student with hands-on practical experience in sport industry programming and facility/human resource management.

For SPMT majors and minors, the SPMT 241 practicum is generally limited to one of three possible GMU affiliated sites: the Freedom Center with Jennifer Lehman (jlehman2@gmu.edu) as on-site supervisor; the Recreation and Athletic Center (RAC) with Devin Reid (dreid6@gmu.edu), Operations Manager and on-site supervisor; and the Aquatics and Fitness Center and Skyline Fitness, respectively, with Lee Ann Houston (lhouston@gmu.edu) as on-site supervisor. Alternate on-campus Practicum opportunities may be available through the Intramural/Recreational Sports Program housed at the Fairfax campus; contact Mr. Paul Bazzano (pbazzano@gmu.edu), Coordinator, Intramural and Recreational Sports, for more information. On some occasions, the Patriot Club, the fundraising arm of the George Mason University athletic department, has openings for qualified students to work with external relations; contact Ms. LeeAnn Bushar (lbushar@gmu.edu) for details and availability. Finally, specialized Practicum placements within the Athletic Department (e.g., marketing, public relations) are sometimes a possibility. For more details, contact Dr. Robert Baker (rbaker2@gmu.edu), Sport, Recreation, and Tourism Management School Director; or Prof. Craig Esherick (cesheric@gmu.edu), Sport Management Academic Program Coordinator for SRTM.

Depending on the student's background and interests, as well as the needs of a particular facility, the on-site supervisor will work with the student to produce an individualized practicum, which can include a variety of work-related experiences.

Successful completion of the practicum work experience will be indicated by the following:

1. work 120-150 clock hours within a period of 10-14 weeks; and
2. complete a log/journal of the practicum experience.*

* PRACTICUM LOG OF EXPERIENCE

The log/journal should be organized in the following manner:

Final grades will be recorded with "plus/minus" letter grade annotations. You can use the table on the next page to do your own grade calculation. Convert letter grades to numerical equivalents using this scale: A=10, A =9, B+=8, B=7, B =6, C+=5, C=4, C =3, D=2, F=1. Multiply the numerical equivalent by the weight to get the weighted value. Add the weighted values and use the conversion scale to convert the total back to a letter grade. (Note: No credit towards graduation accrues from a failing grade or from a grade that is replaced by a retaken course. For more information, please consult the current edition of the university catalog.)
