C Requires minimum grade of C.

XS Requires minimum grade of XS.

**University Catalog Course Description**

Selected topics reflecting interest in specialized areas of sport management announced in advance. Offered by School of Sport, Recreation, & Tourism Management. May be repeated within the degree for a maximum 6 credits. Specialized Designation: Writing Intensive in Major

**Course Overview**

This course is a designated “Writing-Intensive” (WI) course – fulfilling in part the WI requirement for all HFRR majors – therefore, each person will complete at least 3,500 words of graded writing assignments. To help make this a manageable task, we divided the course into 5 smaller writing exercises you’ll complete throughout the semester. These will be thoroughly critiqued and graded and will form the basis for your final Research Proposal. I’ll do all I can to share knowledge, skills, and techniques for success, but it will be your responsibility to study and incorporate the comments on your papers, suggestions from your colleagues, and information from the text. We’ll follow the guidelines of the Publication Manual of the American Psychological Association (APA) (7th ed.).

Unless otherwise noted, all written papers will be submitted electronically via email. Assignments will be due at the beginning of class on the specified date due. All written papers are to be submitted using WORD (with a .doc or .docx file extension) - .pdf or other formats are not permitted in this course. Papers received AFTER the due date will be considered late and receive a 20% deduction in points per 24 hour period.

If you are confronted with extreme emergencies or are participating in a pre-approved university-sponsored function, exceptions may be made; however, this is only applicable if pre-approved with me (your instructor). In addition, I strongly encourage you to make a back-up copy of any work submitted since computers have been known to crash at the most inopportune times.

## Course Delivery Method

***Under no circumstances, may students participate in online class sessions (either by phone or Internet) while operating motor vehicles.*** Further, as expected in a face-to-face class meeting, such online participation requires undivided attention to course content and communication.

This course will be delivered online using an asynchronous format via the Blackboard learning management system (LMS) housed in the MyMason portal. You will log in to the Blackboard course site using your Mason email name (everything before “@masonlive.gmu.edu) and email password. The course site will be available at all times from Tuesday, May 11th through Friday, June 18th 2021.

## Technical Requirements

To participate in this course, students will need to satisfy the following technical requirements:

- High-speed Internet access with standard up-to-date browsers. To get a list of Blackboard’s supported browsers see:  
[https://help.blackboard.com/Learn/Student/Getting\\_Started/Browser\\_Support#supported-browsers](https://help.blackboard.com/Learn/Student/Getting_Started/Browser_Support#supported-browsers)

To get a list of supported operation systems on different devices see:

[https://help.blackboard.com/Learn/Student/Getting\\_Started/Browser\\_Support#tested-devices-and-operating-systems](https://help.blackboard.com/Learn/Student/Getting_Started/Browser_Support#tested-devices-and-operating-systems)

- Students must maintain consistent and reliable access to their GMU email and Blackboard, as these are the official methods of communication for this course.
- Students will need a headset microphone for use with the Blackboard Collaborate web conferencing tool.
- Students may be asked to create logins and passwords on supplemental websites and/or to download trial software to their computer or tablet as part of course requirements.
- The following software plug-ins for PCs and Macs, respectively, are available for free download:
  - Adobe Acrobat Reader: <https://get.adobe.com/reader/>
  - Windows Media Player:  
<https://support.microsoft.com/en-us/help/14209/get-windows-media-player>
  - Apple Quick Time Player: [www.apple.com/quicktime/download/](http://www.apple.com/quicktime/download/)

## Expectations

- **Course Week:**
  - Because asynchronous courses do not have a “fixed” meeting day, our week will **start** on Mondays, and **finish** on Sundays. All assignments will be due by 11:59pm on Sundays except for your final proposal which is due by 5:00pm on Friday, June 18<sup>th</sup>.
- **Log-in Frequency:**
  - Students must actively check the course Blackboard site and their GMU email for communications from the instructor, at a minimum this should be 3 times per week.
- **Participation:** Students are expected to actively engage in all course activities throughout the semester, which include viewing of all course materials, completing course activities and assignments, and participating in course discussions and group interactions.
- **Technical Competence:** Students are expected to demonstrate competence in the use of all course technology. Students are expected to seek assistance if they are struggling with technical components of the course.
- **Technical Issues:** Students should expect that they could experience some technical difficulties at some point in the semester and should, therefore, budget their time accordingly. Late work will not be accepted based on individual technical issues.
- **Workload:** Expect to log in to this course **at least 3 times a week** to read announcements, participate in the discussions, and work on course materials. Remember, this course is **not** self-paced. There are **specific deadlines** and **due dates** listed in the **CLASS SCHEDULE** section of this syllabus to which you are expected to adhere. It is the student’s responsibility to keep track of the weekly course schedule of topics, readings, activities and assignments due.
- **Advising:** If you would like to schedule a one-on-one meeting to discuss course requirements, content or other course-related issues, we can meet via telephone or web conference. Send me an email to schedule your one-on-one session and include your preferred meeting method and suggested dates/times.

## Learner Outcomes or Objectives

This course is designed to enable students to do the following:

1. Define and demonstrate appropriate use of research terminology;
2. Critically evaluate published research in scientific journals and the popular press;
3. Formulate research problem statements;
4. Enumerate the values inherent in the practice of scientific research;
5. Conduct a thorough review of literature and synthesize the findings; and
6. Prepare a sound and feasible research proposal.

## Professional Standards

Upon completion of this course, students will meet the following professional accreditation standards from the Council on Accreditation of Parks, Recreation, Tourism and Related Professions (COAPRT):

7.02	Students graduating from the program shall be able to demonstrate the ability to design, implement, and evaluate services that facilitate targeted human experiences and that embrace personal and cultural dimensions of diversity.

## Required Texts

Riddick, C. C., & Russell, R. V. (2015). *Research in recreation, parks, sport, and tourism* (3<sup>rd</sup> ed.). Champaign, IL: Sagamore Publishing.

## Course Performance Evaluation

Students are expected to submit all assignments on time in the manner outlined by the instructor (e.g., Blackboard, Tk20, hard copy).

This course will be graded on a point system, with a total of 400 points possible.

A = 376-400	B+ = 352-359	C+ = 312-319	D = 240-279
A- = 360-375	B = 336-351	C = 296-311	F = 0-239
	B- = 320-335	C- = 280-295	

<b>CITI Training and Certification:</b>	
Students are required to complete the basic Human Subjects Research training hosted online by the Collaborative Institutional Training Initiative – Instructions Provided.	25
<b>Proposal Part # 1 – Yellow Elements on Assignment Rubric:</b>	
Students are required to complete the introduction to their draft research proposal including both a background for the study and overview of the study – Guidelines Provided.	30
<b>Proposal Part # 2 – Green Elements on Assignment Rubric:</b>	
Students are required to complete an integrated review of the literature highlighting theoretical frameworks, conceptual models and core themes associated with their topic of choice. A synthesis of the literature highlighting the key elements presented in the integrated review of literature is also required – Guidelines Provided.	65
<b>Proposal Part # 3 – Pink Elements on Assignment Rubric:</b>	
Students are required to complete a rationale for the study, statement of the problem, research questions, a clear description of variables to be included in the study and at least two testable hypotheses if study is quantitative or mixed methods – Guidelines Provided.	45
<b>Proposal Part # 4 – Blue Elements on Assignment Rubric:</b>	
Students are required to complete the population and sampling portion of their proposal – Guidelines Provided.	40

<b>Proposal Part # 5 – Orange Elements on Assignment Rubric:</b>	
Students are required to describe their research design and instrumentation, research setting, procedures for data collection and analysis, list all references in APA format used throughout the draft proposal as well as appendices as needed – Guidelines Provided.	95
<b>Final Proposal –</b>	
Students are expected to use feedback from all previous assignments to complete the final proposal. The final proposal includes all areas of the semester long assignment submitted for final review.	100
<b>Total</b>	<b>400</b>

### Core Values Commitment

The College of Education and Human Development is committed to collaboration, ethical leadership, innovation, research-based practice, and social justice. Students are expected to adhere to these principles: <http://cehd.gmu.edu/values/>.

### GMU Policies and Resources for Students

#### *Policies*

- Students must adhere to the guidelines of the Mason Honor Code (see <https://catalog.gmu.edu/policies/honor-code-system/> ).
- Students must follow the university policy for Responsible Use of Computing (see <https://universitypolicy.gmu.edu/policies/responsible-use-of-computing/>).
- Students are responsible for the content of university communications sent to their Mason email account and are required to activate their account and check it regularly. All communication from the university, college, school, and program will be sent to students **solely** through their Mason email account.
- Students with disabilities who seek accommodations in a course must be registered with George Mason University Disability Services. Approved accommodations will begin at

the time the written letter from Disability Services is received by the instructor (see <https://ds.gmu.edu/>).

- Students must silence all sound emitting devices during class unless otherwise authorized by the instructor.

### *Campus Resources*

- Support for submission of assignments to Tk20 should be directed to [tk20help@gmu.edu](mailto:tk20help@gmu.edu) or <https://cehd.gmu.edu/aero/tk20>. Questions or concerns regarding use of Blackboard should be directed to <https://its.gmu.edu/knowledge-base/blackboard-instructional-technology-support-for-students/>.
